## SECTION 2 Pet Calves & Dairy Cattle

All entries should be made in the name of the bona fide owner of the exhibits.

Two cattle substitutes allowed per breeder. The Chief Steward must be notified of such substitutes before the commencement of judging.

All animals entered for showing or exhibiting must be from a current TB Clear Status Herd.

A copy of the current TB test certificate must be attached to your entry forms. The Golden Bay A&P Association must be notified at the time of entry of any testing to be carried out after the closing date of entries or of any potential TB issues that may arise after entries have been submitted. Owners entering cattle must sign the declaration printed on the entry form.

There are two documents required.

A. TB Test Certificate. For animals from a Declared Movement Control Area – all animals aged three months or older are to be TB tested and have a clear test within 60 days prior to being moved to the Show. All other animals must be from a herd that is up to date with its current routine TB testing requirements.

B. TB Animal Status Declaration Card. This is a legal requirement for all animals being moved. All animals entered must be accompanied in transit by a signed and dated TB Animal Status Declaration Card showing a TB Clear status in accordance with present legislation. Animal individual numbers must be included on the TB test sheet. These cards may be inspected at the unloading area.

For cattle being moved from 1 July 2012: A NAIT approved RFID tag will be mandatory for all movements of cattle, including day old calves. NAIT approved RFID cattle tags are white only. Please do not remove tags if cattle are identified with Animal Health Board or MINDA tags.

As of 1 July 2012 a secondary tag is no longer required under the new NAIT scheme.
